

ARKABA IS A WILD BUSH LUXURY EXPERIENCE

Arkaba's true luxury comes in sharing 60,000 acres of private wildlife conservancy with just ten guests, taking the definition of exclusivity to a new level in Australia. Nestled amongst the ancient landscape of the Ikara-Flinders Ranges, Arkaba is a genuine blend of conservation and tourism, where the proceeds from guest experiences are passionately channelled back into conservation – the results are very visible in extraordinary populations of kangaroos, birdlife, reptiles and other species on the property. Recognised as one of the most beautiful outback properties in Australia, Arkaba's five room 1850s homestead provides the opportunity for guests to immerse themselves in the story of the bush - its ancient geology, diverse wildlife and the chance to get 'hands on' with the conservation programs on the property.

A team of expert field guides live and breathe the bush and through a mix of walks, open top safari drives and sheer passion, they will open up the secrets of Arkaba and the Ikara-Flinders Ranges. For a different perspective on the region, join a local Adnamatna Elder for a walk and a chance to listen to her stories of the land and her people. For the more active, Arkaba offers some of the best bushwalking in the country; for the soft adventurers, an open top safari drive reveals vistas and the stories of the property in a different way, usually capped off with a sundowner drink on top of the ranges with the scale and grandeur of outback Australia laid out for miles around.
